

Updates / Corrections Commodore VT/VY – EP.C107

Re-setting Service Reminder Light VT and VX

1. Ignition switch OFF.
2. Hold down the trip computer “UP” and “DOWN”, arrow buttons that control the vehicle information screen.
3. Turn the ignition ON while holding the 2 switches down.
4. After about 3 seconds release both buttons.
5. Press and release the MODE switch, the “Service reminders” should appear on the instrument cluster.
6. Press and hold both the trip computer “UP” and “DOWN”, arrow buttons until a BEEP is heard (about 3 seconds)
7. Release both buttons and turn the ignition OFF.

5. Release the up and down arrow buttons.
6. Press the “Set” button, the display will show the service reminder is reset and beep.
7. Turn ignition OFF, the service reminder should now be cleared.

Re-setting Service Light - VZ

1. Hold the bottom two buttons and turn ignition key ON, when a beep is heard release the two buttons.
 2. Press and hold the top right button until the “Service Engine Oil” reminder resets.
- #Tip:** If your VZ has a fault displaying “Service Engine Oil” when not needed ask your local GMH dealer to service not uncommon problem.
